blackbird

Blackbird is an up-and-coming artist, originally from the island of Cyprus and currently based bi-globally between Cyprus and Los Angeles. Deeply influenced by the melodies of her homeland, her music blends Byzantine and Mediterranean scales with modern electronic pop, creating a genre uniquely its own.

In the past year, she recently collaborated with Auto-Tune, Audiohertz and many more companies on their upcoming plugin development, further solidifying her presence in the music technology space.
